Missionary Carol Whitsell

March 2018

“Whoever receives one of these little children  
in My name receives Me; and whoever receives Me,  
receives not Me but Him who sent Me.” Mark 9:37 (NKJV)

Working alongside. We have teamed up with Ministerios Elim de la Vid (Oasis of Jesus Christ Ministries). They are a small church in Tegucigalpa, with a huge vision to reach and work with the undesirable in this country. The church has purchased land in a small pueblo about an hour outside of the capital city where we have been helping reach out / minister to the people in this new church plant. Every Thursday afternoon, we go with the outreach team to meet different people and minister in the park with a sound system that resonates throughout most of the streets. Pastor Hernan, the pastor of the church,

spends several days a week in this community just befriending, praying for and building relationships. Every Sunday, Ministerios Elim de la Vid, pays a small coaster type bus to bring the people into Tegucigalpa for church. Though the new church plan is small, several lives have been changed as the people come to know Jesus. June 9<sup>th</sup> – 16<sup>th</sup> one of our mission teams, Hope Expedition, will come to work in this pueblo. They will begin to build the church by first building a pole barn type roof to protect people from the rain and blazing sun. My prayer is that the team will raise enough money for the roof and raise extra to be able to finance the leveling of the ground for the church floor and poured concrete. If you would like to join us for this mission team or contribute to the building of this church, I can be contacted via our USA telephone that rings here in Honduras 618-300-0520 or by email at [shiningjesuslightandhope@gmail.com](mailto:shiningjesuslightandhope@gmail.com)

When traveling the roads of Honduras there are always sections where everyone sells the same thing whether it be fruits, hammocks, fresh fish, limestone, or honey to name a few. I like using pure honey and the only way to get it meant stopping at a roadside stand. That was the day I was led to stop at Enrique’s stand. A humble man with a huge smile. After purchasing honey, I prepared to leave but felt prompted to talk to him about Jesus. As we talked it became evident that he knew Jesus but couldn’t go to church because it was too far for his body to walk the distance. (Some people walk over one hour or more one way just to go to church.) He needed fellowship. So, we talked more and then we prayed. He was so grateful and had a bigger smile. I may never know what that stop did for or meant to him. Mind blown, I left praising God for this opportunity. Thank you for helping me to be here to share God’s love to Honduran like Enrique.

### Wednesday night's Inner Healing classes are exceptional!

As we sing and worship Jesus the refreshing presence of God fall over us every week. It sets the stage for the teaching. Everyone is "Sold Out" to allowing Jesus to do whatever He needs to do in their lives to be set free and to help others be set free! Part of a class I recently taught was about the importance of putting on the Amor of God. The next week I asked if the students were doing that. They stated sharing testimonies of how they felt safer in their houses; they had more boldness; and that sharing Jesus was easier. Ephesians 6:10-18, Getting spiritually dressed every day is a necessity!

**Monday Night Women's meeting.** The meetings on Monday night that Emi is helping co-lead is having marvelous results! The women are having a place to fellowship; developing friendships; and being able to share burdens with each other. Most importantly, their hope and daily lives are stronger as they learn to deepen relationship daily with Jesus.

**Traveling to the states.** I will be returning to the USA next month for five weeks to deal with some issues concerning my mother's estate. April 10<sup>th</sup> – May 16<sup>th</sup>. I will be flying two days in a roll each way and would appreciate your prayers for travel, paperwork and cleaning out the house. I will also be visiting a few churches and hope to see as many of you as possible. Thank you for being such a blessing in my personal life and in my ministry.

**What your Prayers and Finances are doing!** The main mission of Shining Jesus Light and Hope ministries is "Changing Lives One at a time." We are doing this through meeting and talking to those on the streets through friendship and prayer. Countless numbers of times we end up ministering to family members as well. We are seeing souls saved and lives changed! We go into different churches teaching, Forgiveness and how people's lives can be changed. We go to various locations and up in the mountains transporting people, food, medicine and other necessities with the 4x4 truck you are helping us purchase. **Thank you so much for all the years of walking beside** us in the ministry to help others and advance the kingdom of God! We will not know the results of our labor until we are in heaven. But what we do is not in vain!
